

PsychSim 5: NOT MY TYPE**Name:** _____ **Section:** _____**Date:** _____

This activity explores the process of forming attitudes about other people.

Attribution

- What is the process of attribution?

- What is the fundamental attribution error?

Results of the Rating Exercise

- Do your results show that you formed equivalent attitudes toward the two groups? Or do your results show a systematic bias against one of the groups? If you did show a bias against one group, how would you explain it?

Stereotyping in Everyday Life

- What are stereotypes?

- How are illusory correlations related to stereotyping?
